

Founder-side operator · AI-native builder

pierre@cortx.fr +33 7 60 48 33 81 linkedin.com/in/pierrekoenig Native French · Fluent English

An operator who has **sat on the founder side** of the documents this role owns. Co-founded two companies, writes the investor-facing material for his own, ships production AI products — and builds the automations that keep the operating rhythm running. **Applying to be useful, not to be an intern.**

EXPERIENCE

Cortx — Co-founder & CEO

May 2025 – Present · Paris

- Built and shipped a vertical-AI platform for real-estate professionals — **live in production**, deployable on-prem (no client data leaves their infra).
- Author all **investor- and board-facing material** — decks, updates, financial plans; qualified and prioritized 39 target VCs at VivaTech 2026.
- €0 raised — fully self-funded**. Incubated at ESSEC Ventures / Station F. Dogfooded on our own holding (KLH): +€11k of documented tax savings in year one.

Offstone — Investor Relations & GTM Engineering

Jan – Apr 2026 · Paris

- Ran **investor onboarding, portfolio strategy and community** for a real-estate investment platform founded by an Aircall co-founder.
- Built the entire GTM engine with Claude Code: 8 Python automations on HubSpot — lead scoring, email sequences, workflow triggers, KPI dashboards (YAML-driven, --dry-run, documented).

Mister IA — AI Product Builder

Apr 2026 · Paris

- Shipped **10 AI products across 9 industries in 19 days** — 314 commits across 16 projects (Next.js, TypeScript, Supabase, Claude API).
- Served French real-estate majors: listed REITs, energy, asset management, advisory.

Aguesseau Capital — Real-Estate Transactions & IR

Dec 2025 – Jan 2026 · Paris

- Sold €900k of real estate in one month** — negotiated above asking price; lead qualification, offer tracking, sales reporting. (€100M+ AUM fund.)

KLH Investment — Co-founder

Mar 2026 – Present · Paris

- Real-estate holding — **41 units** under management (acquisition, renovation, operations). Operating real capital, not just software; serves as Cortx's live testbed.
